

## Changing your RAAPOA password

To change your password, click the “Log In” link, or “Site Admin” link (if you are already logged in), located at the bottom of the website menu.

Once you have logged into the site, click the “Profile” link located in the top left-hand corner of the screen.

On the profile screen, scroll down to the password field and enter your new password twice. Click the “Update Profile” button to submit the password change.

New Password	<input type="text"/>	If you would like to change the password type a new one. Otherwise leave this blank.
	<input type="text"/>	Type your new password again.
